The menu had quotations from Shakespeare's most beloved plays woven into choice elements of every dish. Actor Jeremy Domingo interpreted several acts set against film clips from the silver screen.

CHAMELEON ASSOCIATION

# A GALA FOR CHANGE

A FUNDRAISING GALA AT THE MANILA POLO CLUB WAS held for Chameleon, a non-profit organization that supports sexually abused children. The evening's celebration was hosted by Isabelle Garachon and Viscountess Corinne de Longuemar, friend of the organization's founder Laurence Ligier. Guests feasted on a four-course Filipino-French menu prepared by American Chef Jacky Robert who flew in from Boston. During the evening, guests viewed the works of Filipino artists, which were donated and auctioned off at Salcedo Auctions the following week. When asked about the organization's name, Ligier shares how the change in color of the reptile is the same as the stories of the girls they help who also adapt to a new life for a better future.
